Bartenders may use both working and exhibition flair techniques in any order for making both cocktails.

Your cocktails will be tasted in both rounds and account for almost 25% of your final score, so make sure you put a lot of care and attention into them. See RECIPE RULES section below for details.

**SPONSORS PRESENTATION:** The competitor must finish with having one of the following on the bar top (if missing - will be marked as miscellaneous):

- Schweppes (in glass bottle)
- Naked grouse
- Bols liqueur

## **ON STAGE**

- Heats - 4 minutes
- Finals - 7 minutes

All bartenders **MUST** wear the competition T-shirt during their performance. Make sure you let us know your size when completing registration.

**Attention!** Music must be sent to [flairmaniacs@gmail.com](mailto:flairmaniacs@gmail.com) after the running order draw.

Music must be in one mp3 file named after your running order, name and surname, for example 1\_lvars\_Rutkovskis.mp3 (our DJ will copy them into his computer and play them from there. We will do a small music check before each competitor) Deadline for music is January 23rd. Laptops, phones, iPods will not be accepted on the venue.

The organisers will provide:

- Monin syrups and purees from the product list. Make sure you let them know beforehand what flavours you will need.
- Schweppes lemonades from the product list
- Naked Grouse whiskey
- Lucas Bols and other liquers from the product list

**ONLY** two bar backs are allowed on stage at any time for each competitor.

## **STATION SETUP**

Each bartender will have 4 minutes to prepare and setup their station before they start. There will be two stations, so this should be easy to achieve.

The competitors are free to use any bottles they wish, as long as they have their labels off and stickered – except sponsors products. The organizers will provide different stickers in order to mark different liqueurs. All bottles are competitors' responsibility. Only Flairmania stickers are allowed. WFA stickers will not be allowed on the bottles (sponsors request)

## **USE OF ORIGINAL SPONSOR BOTTLES**

It is requested the bartenders for their performances use AT LEAST ONE original bottle from each sponsor product used in their recipe.

With that said it means that if, FOR EXAMPLE, you have Naked Grouse in your cocktail – there should be one original bottle of Naked Grouse, but after you have flaired with that – you can use your own, stickered bottle which contains Naked Grouse whiskey.

- There will be no bar tending tools provided, please bring your own bar tending equipment to prevent disappointment and failure.
- Bartenders can set up the “Martandi Mobile Bar” portable bar station (see the picture in the appendix 1) any way they choose
- The Top 10 from qualifying advances to the Finals. The points from qualification are not added up.
- You can use any bottles you wish on stage. All labels must be removed and replaced with a “Flairmania” sticker.
- The organisation will provide cubed and crushed ice. If you need anything other than that we suggest you plan it in advance.

## **RECIPE RULES - HEATS & FINALS**

- All recipes must contain
- at least 0.5 cl of Monin non-alcoholic range,
- at least 1 cl of any Schweppes lemonade (any flavour)
- at least 1 cl of Naked Grouse OR Bols liquers from the list.
- Drink category: Bartenders choice
- Method of preparation: bartender's choice (you choose the method you want)
- Home-made INGREDIENTS are allowed
- Trays, garnishes and other condiments are also allowed.

**Any bartender seen to be “bending” the rules or “cheating” by pre-mixing their cocktail beforehand will be immediately disqualified.**

All recipes should be sent to [flairmaniacs@gmail.com](mailto:flairmaniacs@gmail.com) no later than January 24th (the online draw) – ABSOLUTY NO EXCEPTIONS! There will be no changes allowed after this date. If a participant has not sent the recipe to the organizers by that date – your drink will not be scored, and you will receive 0 points for the drink. THIS MEANS BOTH – QUALI AND FINALS (in case you are awesome, and you make it through without the drink score).

**THIS IS SERIOUS – MARK THE DATE IN THE CALENDAR. YOU KNOW FLAIRMANIA – WE NEVER JOKE WHEN IT IS ABOUT THE POINTS.**

All the ingredients, garnishes, glassware, tools and anything to do with your cocktail EXCEPT sponsor products from the list are participants' responsibility.

Please note that organisers will provide only those products mentioned in the list. If you want to use any other product, you must bring it yourself.

All bottles and products will be given to each competitor in the practice area.

Syrup is not allowed for exhibition flair set up.

## **RUNNING ORDER DRAW**

The running order will be drawn in the Flairmania style as usual 10 days before the competition on January 24th, 2019 and aired live on [facebook](#). Exact time to be announced.

## **SCORING**

All WFA GrandSlam competitions use the same system to judge & build a competitors' score card. This helps to ensure that all GrandSlam competitions are judged fairly from a set standard. Individual competitions within the GrandSlam Championship are free to set the weighting of scores across 5 main categories that meet the needs of the individual sponsors and partners.

You can read more about the GrandSlam Scoring System [here](#).

Olybet Flairmania 2019 has set the following weighting to the judges' score cards:

<b>TECHNICAL</b>	
Difficulty	70
Originality	70
Choreography	40
Relevance	30
<b>COCKTAIL</b>	
Taste	20
Aroma	10
Garnish	10
Originality & creativity of cocktail presentation	10
<b>TOTAL</b>	<b>260</b>

## **Penalties**

- Miscellaneous: -4 points
- Missing Sponsor drink: Your drink will not be scored.
- There will be no deductions for drops, spills or breaks.
- Instant scoring will be in use for Heats and Finals

## Notes

Grand Slam competitions are 100% Flair bartending competitions as reflected in the scoring system. You are required to make real drinks whilst demonstrating Your Best moves, Your style and Your ideas not what everyone else is doing.

The categories above are considered and recorded throughout your routine – think about how everything links together.

*“If what you do on stage doesn’t go towards making your drink, then you might as well be throwing around banana’s”*

In addition to these rules please make sure you have read and understand the following:
