The Closest airport is Malaga. There are plenty of buses that can take you from the airport to Marbella bus station (approx. 12 euro). This is an outside competition, so prepare yourself accordingly. Different competitions have different stages. Just like Tennis tournaments are played on different surfaces. The area of the competition is well shielded and is a great setting with an amazing atmosphere. There is the slight possibility the weather isn't great so if that happens we will move the competition inside. Please come with your sunglasses shorts and your best Tiki shirt. ## WFA SCORING SYSTEM

### **Flair – max 220**

Originality - 70

Difficulty - 70

Choreography - 50

Relevance - 20

Tiki Factor - 10

### **Cocktail – max. 40**

Taste - 20

Garnish - 10

Smell - 5

Originality - 5

The scores have been weighted this way as we want to see bartenders bring their most original and most difficult moves for this comp. There is no roof for this competition so you can throw the items as high as you want. There is also the Tiki Factor. This is the “Flair Camp Tiki Comp” so making your round as Tiki as possible will help you score points here. This about your cocktail, presentation, music, clothes, show...Everything!!

For explanations of the above categories please see the WFA website - [www.worldflairassociation.com/wfa/competitions/wfa-scoring-system/](http://www.worldflairassociation.com/wfa/competitions/wfa-scoring-system/)

### **Deductions**

NO MINUS POINTS FOR DROPS NOR SPILLS

Miscellaneous (missing garnish, ingredient etc.) -2 points

We are still bartenders and if you can't make a proper drink then you will be marked down.

Missing Drink -20 points

Missing Fabbri Flair (10%) - 10

Make sure you finish your drinks!

Why have we removed drops and spills? After speaking to many judges and long time competitors it is clear that bartenders are being deducted twice with drops and spills. For example, when you make a routine with a lot of drops then you will be marked down on originality, difficulty, and the other categories. It is just inevitable. Plus you would then be deducted the points you lose for each drop and spill. So you are losing points twice. So taking away drops and spills doesn't mean you are not going to lose points. You will, but only once. The judges will mark you down in certain categories if you make a lot of drops, but at least you won't be marked down twice. It also means judges are looking for the positives of your routine. For many years judges have only been looking at the mistakes someone makes on stage and not focusing on the flair enough.

If anyone has any questions about the scoring system, please email us on [tomek@worldflairassociation.com](mailto:tomek@worldflairassociation.com)

We welcome questions from anyone and will be happy to discuss. Thank you.
